My Happy School Life

I like my school very much. It is big and clean. I like all my teachers. They are very patient and caring. They always help me tackle my problems. I like my classmates. We play and sing together. We share our snacks. We always laugh. I like to take part in different school activities. I enjoy the Halloween parties and the Christmas **celebration** activities.

I have a happy school life. I want to say happy birthday to my school. It is our school's 15th anniversary. I wish I can see someone writing about his happy school life **on the** 50th anniversary.
