Happy Anniversary!

I have been studying in TWGHs Wong Yee Jar Jat Memorial Primary School for almost four years. This year is our school's 15th anniversary. I am proud of being a student of this school.

This school is like a big family. The relationship between students is very close. Students like to help one another. All teachers have great passion to educate us and build up a warm studying environment. Therefore, everyone **atschoolis** always wearing **asmile** all the time.

These three years **were** very important to my life. I learnt a lot of knowledge and made many good friends **in** this school. I love this school very much! I wish my school every success in the coming years.
