Our School's Open Day

I love my school. In my school life, there are many days that are unforgettable. To me, 17th September was the most memorable day. That day was our school's Open Day.

On that day, there were a lot of people in the school. It was very crowded. There was a drama show in the hall. The show was made by P5 students. Some of them were wearing traditional Chinese clothes. The show was about the culture of China. Their clothes were really beautiful. Outside the hall, in the playground, some students were flying kites. Their kites were not bought from shops. The students made them by themselves. They were made of bamboo. They drew some pictures on the kites. They were of different shapes. Some of them were birds and some were fish. They were very beautiful. The children tried for a long time to fly them. It was quite windy but the kites were still on the ground. Although they didn't succeed, they didn't give up. Many visitors came to watch and they also played together. The children enjoyed playing this game a lot.

On that day, I did a lot of work to receive visitors. Although I was very tired, I felt very happy and successful. I had a wonderful day. Would you like to visit us next year?
